F.NO./MDPS/NW/2019-20/01

Circular

Date: 16.04.19

Dear Parent,

Overall growth and holistic development of our students is the prime concern to us and we diligently strive to achieve the same. Considering the same, the school organizes week celebration every month to create more spheres of contribution in different activities. These week observations also give platform to showcase the innate skills of the students and hone them as well. Celebrations give the sense of happiness, togetherness and enjoyment. It helps the child to re-live his social bonding to acknowledge a specific moment. Bringing the same spirit alive during the school hours and to give a tribute to the mother Earth, the school has decided to monitor the forthcoming week as **"EARTH WEEK"**.

To add more colors and fun to the celebration, a plethora of activities have been planned. You are requested to contribute whole heartedly to make this event a remarkable and joyful experience so that our kids can inculcate the habit of being socially responsible human beings. Details for the activities are mentioned below:-
