FROM THE DESK

Dear Students,

“Excellence is not a skill; it is an attitude.” – Ralph Marston

Success is never an accident-it is the result of hard work, perseverance and the determination to keep moving forward despite challenges. At MDPS, we have always believed that excellence is achieved when passion meets dedication and the recent achievements of our students and staff stand as a testament to this belief.

Whether it is academics, co-curricular activities or sports, every milestone reached by our students reflects hours of preparation, commitment and the guidance of teachers who go above and beyond their duties. Their success is not just about trophies or grades; it is about the values they embrace-discipline, consistency and the willingness to learn from both victories and setbacks.

One of the key lessons we impart to our students is the importance of setting clear goals and working tirelessly towards them. Success becomes meaningful when we define what we want to achieve and break it into smaller, attainable targets. Each goal met gives confidence, builds momentum and brings us closer to the bigger dream. At MDPS, we encourage students to aim high, stay focused and never lose sight of their objectives.

As a school, we take pride in fostering a culture where hard work is celebrated and every effort counts. Our teachers constantly encourage students to step out of their comfort zones, to dream big but also to work relentlessly toward those dreams. Parents too, play a vital role in this journey, offering unwavering support and motivation.

Today, as we celebrate these accomplishments, let us also remember that success is a continuous journey. The real reward lies not only in the final outcome but in the learning, resilience and character-building that happens along the way.

I extend my heartfelt congratulations to all students, teachers and parents for their collective efforts. Together, we have proved that when hard work meets determination, success becomes inevitable. Let us keep this spirit alive as we strive for greater heights in the future.

“Just like nature, you have the power to rise and succeed”

Dear Students,

Class X is a milestone in every learner's life. It is the stage where curiosity meets discipline, and knowledge transforms into understanding. Science, as you know, is not just a subject in your timetable but a way of thinking, questioning, and exploring the world around us. This year, I encourage each one of you to see science not as chapters to be memorized, but as a story that connects you to everyday life—from the electricity that lights your room, to the food you eat, the medicines that heal, and the environment that sustains us. The more you observe, the more you will discover that science is everywhere.

Remember, success in science is not about cramming facts, but about asking Why? How? and What if? The spirit of inquiry is what makes great scientists, innovators, and problem-solvers. Let your doubts be the fuel of your learning, and your experiments—whether in the laboratory or in life—be the stepping stones to discovery. As you prepare for your board examinations, stay consistent, revise regularly, and balance your studies with creativity and curiosity. Science will not only help you score well, but also empower you to make informed choices for yourself and for society.

Believe in yourself, stay disciplined, and keep your sense of wonder alive. The future belongs to those who are ready to explore it.

With best wishes and lots of blessings- Mokshita Singh

कक्षा दसवीं के छात्र हर्षित ने जोनल कविता प्रतियोगिता में तृतीय स्थान प्राप्त किया। इस प्रतियोगिता का आयोजन दिल्ली इंटरनेशनल पब्लिक स्कूल सेक्टर- 9 में दिनांक 8-8-25 को किया गया। हिंदी ज़ोनल कविता वाचन प्रतियोगिता का विषय “नारी! आओ बोलो” था। यह कविता समाज में व्याप्त लैंगिक भेदभाव, पितृसत्ता और असमानता के खिलाफ एक सशक्त स्वर है। इसमें नारी से आह्वान किया गया है कि वह अब चुप्पी तोड़कर अपने अधिकारों और सम्मान के लिए आवाज़ उठाए। कविता में प्रश्नों के माध्यम से उन परंपराओं और विचारों को चुनौती दी गई है, जिन्होंने वर्षों से स्त्री को पीछे रखा। इस प्रभावशाली कविता वाचन के लिए विद्यालय के छात्र हर्षित को तृतीय स्थान प्राप्त हुआ, जो विद्यालय के लिए गर्व और प्रेरणा का विषय है।

“सपने वे नहीं होते जो सोते हुए आते हैं, सपने वे हैं जो सोने न दे”। हमारे जीवन में कुछ सपने ऐसे होते हैं जो केवल नींद के दौरान हमारी आँखों के सामने आते हैं, लेकिन कुछ सपने ऐसे भी होते हैं, जो हमारी आँखों में जागते रहते हैं। यह विचार एक गहरे सत्य को उजागर करता है वास्तविक सपने वही होते हैं, जो हमारी रातों की नींद को भंग कर देते हैं, जो हमें अपने उद्देश्य की ओर निरंतर प्रेरित करते हैं। यह वाक्य केवल एक कथन नहीं, बल्कि जीवन जीने की दिशा को निर्धारित करने वाला मंत्र है। दिनांक 20-8-25 को गवर्नमेंट गर्ल्स सीनियर सेकेंडरी विद्यालय सेक्टर- 24 में नौवीं कक्षा के विद्यार्थी साहिल द्वारा जोनल सांस्कृतिक गतिविधि के अंतर्गत हिंदी भाषण प्रतियोगिता में इस विषय पर तृतीय स्थान प्राप्त किया गया, जो इस विचार की प्रासंगिकता और गहराई को साबित करता है। यह विषय युवाओं को यह सिखाता है कि अगर कोई सपना किसी व्यक्ति के दिल और दिमाग में घर कर जाए, तो वह सपना उसे सोने नहीं देता- न केवल शारीरिक रूप से, बल्कि मानसिक और भावनात्मक रूप से भी। यदि आपके सपने इतने बड़े और प्रेरणादायक हैं कि वे आपको हर पल उनकी ओर बढ़ने के लिए प्रेरित करते हैं, तो वही सपने असल में आपके जीवन का उद्देश्य बन जाते हैं।

Curiosity and why we need it

Throughout our lifetime, we go through different stages and one of them is school..
and while we can see those perfect grades on the results , true knowledge is
becoming rare and it's not because of different processing abilities of students, it's
due to lack of curiosity – the true essence of learning

As technology progresses, students get distracted. They simply just do not care
about what is around them, too engrossed in a screen. And it's weird because we
expect the youth to take us forward but it seems like we're slowly moving backward
in time.. slowly but yes.

So, to anyone reading this.. think about it once. Redefine what knowledge means to
you. Look around yourself and you will find a million things to explore. Take that
first step which will serve as the first building block of the personality of an erudite
person and embody the elegance of learning.

Dreams

Thousands of dreams in mind,
Like mountains with trees of pine.
Each one tells a hopeful sign,
Waiting for their time to shine.

We all have dreams, big & small
Some we kept hide, some we call ,
Like tiny seeds, they're meant to grow
and someday in the sun, they'll glow

Heartbeat of My Nation

The heartbeat of my nation lives in me,
it whispers of courage, hope, unity.
In every field, i every tree,
it sings the song of liberty.
The tricolour waves with pride so high,
A promise that dreams will never die.
Its colours tell a tale so true.
of sacrifice old, and visions new.
The soldiers stands with fearless might,
Gaurding the borders day and night.
The farmer toils, the teacher guides,
Their love for the land forever abides.

KINDNESS ALWAYS COUNTS

The “Caught Being Good-Bulletin Board” was set up to recognize and celebrate small yet meaningful acts of kindness, honesty, responsibility, and cooperation displayed by students in their everyday school life. One student from each grade was selected every month. To foster the culture of appreciation and encouragement.

Photos of selected students were put up on the bulletin board.

***“A visit to Prime Minister Museum”***

Studying history helps us understand how events in the past made things the way they were today. With the lessons from the past, we not only learn about ourselves and how we came to be, but also develop the ability to avoid mistakes and create better parts for our societies. With this perception the school organized a visit to the P M Museum, Teen Murti Marg, New Delhi for the students of grade XII (Humanities) and grade X students on Thursday & Friday, August 28 & 29, 2025.

“Language is the road map of a culture.

It tells you where its people come from and where they are going.”

— Rita Mae Brown

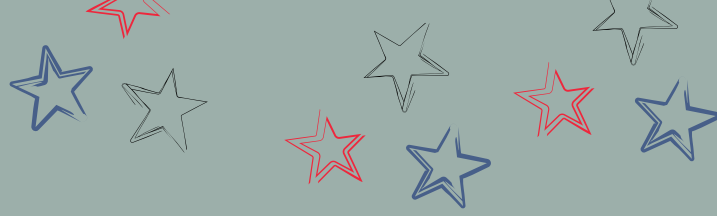

The English Department of Mother Divine Public School enthusiastically celebrated English Week from 7th July to 11th July. A series of enriching and engaging activities were conducted during the respective English periods across senior classes, with the aim to enhance students’ creative expression, critical thinking, and command over the language.

Class IX witnessed an overwhelming response in the activity titled “Echoes of Expression”. Students showcased their literary talents through self-composed poems, dramatic monologues, and thought-provoking role plays. The diverse performances reflected their ability to delve into imaginative storytelling and confident articulation.

In Class X, the activity “Lingo Legends: Grammar Quiz” was met with great enthusiasm. Students not only exhibited their grammatical accuracy but also linked the quiz with their literary texts by preparing a detailed list of authors of their curriculum. This exercise also served as an engaging revision strategy for their board preparation.

Class XI students participated in the aptly themed activity “Maxim Makeovers”, where they reimagined traditional proverbs in modern contexts. Through creative mediums like raps, dialogues, short stories, and skits, they conveyed how wisdom evolves with time and how an amalgamation of age-old maxims and contemporary interpretations can guide one toward success
