“The meaning of life is to find your gift; the purpose of life is to give it away”

Dear Parents,

The school strives hard to provide quality Education. It leaves no stone unturned to provide the best of possibilities to hone the hidden potential and innate qualities of individual child. In pursuit of the same, the school in association of “Gifted Education Trust” is planning to introduce a specialised program meant for gifted students of grades VI to VIII.

The gifted education program is a specialized program for students with above-average mental abilities that provide these students an educational environment keeping in mind their social, emotional, and academic needs. The program is based on Razuli’s work in gifted education. The first step is the identification of gifted children with the help of a standardized IQ test for all the students of grades 6th - 8th, based on the result with IQ 130 and above.

Please note down the schedule of the IQ test which will be conducted as per the given plan:

Grades: VI to VIII

Date and Day: Saturday, 19th November 2022

Time: 11:00 am

Mode of Test: Online

Platform: ZOOM App

The link for the test will be provided in the zoom meeting itself. It is a time-bound test, so it will start exactly on time and finish on time. The participants should be ready with Gmail Id and password to appear in the test. The students qualifying the above mentioned test will be briefed about the next level of program.

Please note that students those who have appeared earlier need not to appear again for the stated test.
